PASSED

Audit Cycle: October 2026	**Inspection Date & Time:** Saturday, October 2, 2026 @ 12:00 PM
Clinical Auditor: Amanda Garcia, BSN, RN	**RN License Number:** RN 95280964
Studio Location: Zebra Studio — San Jose, CA	**Primary Role:** Clinical Safety Advisor

1. MONTHLY INSPECTION CHECKLIST & AUDIT RESULTS

The following areas were physically inspected, observed, and evaluated during the October walkthrough:

INSPECTION DOMAIN	SPECIFIC ITEMS INSPECTED & VERIFIED	STATUS	RESULT
Sterilization & Autoclave Logs	Biological spore testing logs, chemical integrator strips, ultrasonic tank maintenance, and sealed sterile pouch integrity for all reusable tools and jewelry.	✔ Verified	PASSED
Workstation Setup & Breakdown	Aseptic non-touch technique (ANTT), medical-grade barrier film application, single-use needle/cartridge disposal, and proper tray preparation workflows.	✔ Verified	PASSED
Chemical Disinfectant Standards	Surface sanitization protocols, hospital-grade disinfectant wet-contact times, surface non-porosity checks, and station sanitization frequency.	✔ Verified	PASSED
Cross-Contamination & PPE	Glove-changing triggers, hand hygiene protocols, proper usage of single-use aprons/sleeves, clean vs. dirty zone separation, and skin prep techniques.	✔ Verified	PASSED
Sharps & Biohazard Disposal	Sharps container wall-mount integrity and fill levels, biohazard trash storage, waste manifest documentation, and OSHA compliance checks.	✔ Verified	PASSED
Emergency & Exposure Plans	Post-exposure protocol readiness, needle-stick first aid supplies, syncope (fainting) management kits, and medical emergency intake screening processes.	✔ Verified	PASSED

2. CLINICAL SAFETY CERTIFICATION & SIGN-OFF

RN Clinical Statement for Public Disclosure:

"I hereby certify that I conducted an on-site clinical safety inspection of Zebra Tattoo & Piercing on Saturday, October 2, 2026 at 12:00 PM. Based on my observations, protocol reviews, and sterilization log audits, Zebra operates in full compliance with medical-grade infection control standards, exceeding standard health department requirements."
